

Wild Blooms

Wild Blooms je videoigra s pet rola, značajkom Blooming Wild Reels, simbolom Wild i Besplatnim vrtnjama.

Igra ima 76 fiksnih isplatnih linija.

Linijski dobitci plaćaju od krajnje lijeve strane do desne.

Plaća se samo najveća dobitna kombinacija aktivne linije za klađenje.

Dodaju se dobitci linija za klađenje.

Dobitne kombinacije i isplate izvode se prema Isplatnoj tablici.

Najveći je mogući dobitak u jednoj igraćoj rundi **[po operateru]**.

Kvar poništava sve isplate i igranja.

OGRANIČENJA IGRE

Dopušteni ulog: po operateru

Maksimalni ulog: po operateru

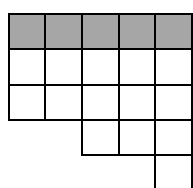

Isplate (prosječni povratak igraču-RTP): po operateru

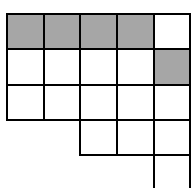

Okvir korisničkog sučelja igre nalazi se pri dnu zaslona.

SIMBOL WILD

Simbol Wild zamjenjuje svi simboli osim simbola Bonus.

BLOOMING WILD REELS

Blooming Wild reels nasumično se pojavljuju kao prekrivajuća rola samo sa simbolima Wild tijekom osnovne igre.

Jedna do pet rola može se pretvoriti u Blooming Wild Reels.

BESPLATNE VRTNJE

Kada se bilo gdje na rolama pojavi tri ili više simbola Bonus, dodjeljuju se Besplatne vrtnje prema Isplatnoj tablici.

Značajka Blooming Wild Reels pokreće u svakoj vrtnji tijekom Besplatnih vrtnji.

Besplatne vrtnje ne mogu se ponovno pokrenuti.

Besplatne vrtnje igraju se istim ulogom kao i runda tijekom koje se pokreću Besplatne vrtnje.

Tijekom Besplatnih vrtnji drugačiji se komplet rola upotrebljava.

KLADENJE

Možete se kladiti na svaki dobitak koji ne prekoračuje **[po operateru]**.

Značajka klađenja temelji se na karti i morate pogoditi boju sljedeće otkrivene karte.

Ako pogodite, dobitak se udvostručuje; ako pogriješite, gubite dobitak.

Na dobitak se možete kladiti dok ne pogriješite ili dok ne dostignete ograničenje.

Naplatom dobitka završava se značajka klađenja.

Možete upotrijebiti mogućnost **PREPOLOVI** za pripisivanje polovice dobitka saldu i kladiti se na ostalo.

Ne možete se kladiti tijekom besplatnih vrtnji.

Dopušteno vam je klađenje **[po operateru]** puta tijekom jedne značajke klađenja.

Joker je zamjena za bilo koju boju.
