- The theoretical return to player is: 91.42% - 91.54%.
- Max possible win: x1,000

Unfinished Rounds

- If your game round is disrupted, all game information and placed bets are stored until you re-open the game.
- You may view the unfinished spin, And you may continue your unfinished round from the point of interruption.
- Unfinished rounds which are left open for more than 90 day(s), are eligible to become automatically closed and may become voided.
- Malfunction voids all pays and plays.

Lines

- The game is set to 30 fixed lines.
- Winning multiple pay lines: each combination qualifying as a pay line win, on a single round, is added up to the total win amount on this round

Auto Play

- Click auto play button to initiate continuous game play with the selected bet.
- After you click the auto play button a configuration screen will appear.
- On the auto play configuration screen you can choose the amount of spins you want to be automatically played for you.
- Auto play can be stopped by pressing the 'PAUSE' button.

Turbo Mode

- The Turbo Mode is used to get the shortest game round possible.
- Turbo Mode is initiated by toggling the 'rabbit' button located at the bottom left corner in desktop version, or Turbo Mode button in the Settings Menu in mobile version.
- Turbo Mode can also be triggered from the Auto play configuration screen.

Buy Feature

- The 'BUY FEATURE' allows you to purchase and immediately trigger a free spins round.
- By clicking the 'BUY FEATURE' button you will be presented with a window where you can modify the bet with which you will play the free spins round.
- The 'BUY PRICE' will be set according to the bet.
- Click the 'BUY' button to pay the 'BUY PRICE' and trigger the free spins round.
- The RTP for the Buy Feature is: Min: 91.52% Max: 91.56%.

SPECIAL SYMBOLS – WILD

Wild counts as any symbol except free spins. 5 wild symbols on a winning line pay: bet per line x1,000.

SPECIAL SYMBOLS – FREE SPINS

3 or more scattered free spins symbols will trigger the free spins game. Free spins may re-trigger.

Choose between 2 free spins options:

1. 20 free spins where all medium symbols will appear as 1x2 stacked symbols.
2. 10 free spins where all medium symbols will appear as 1x3 stacked symbols.

During the free spins round, 3 or more scattered free spins symbols can land on the slot and will trigger 5 more free spins with the same option and bet the player originally selected.

MEDIUM SYMBOLS

Medium symbol may appear as 1x2 stacked symbol and as 1x3 stacked symbol, it will always pay the same as the 1x1 version.
